

Welcome to Avondale Middle School! It is our belief “ALL children are capable of success.”

“ NO EXCEPTION!”

Our staff is dedicated to ensuring our students develop into thinkers, problem solvers, and communicators. Our goals are to challenge your child academically, while growing them socially and emotionally. We provide rich classroom instruction and guide students toward making good choices that will result in successful outcomes. We support students by providing additional support and programs after school.

As your child transition into a middle school environment, we encourage parents/guardians to keep in contact with teachers. Students will have multiple teachers and communication is key! Please feel free to email or call teachers and/or administration at any time!

We ask that you guide and support your child by ensuring he/she:

- Attends school daily and arrives on time.
- Completes all homework assignment.
- Share their daily experience.
- Take time to review your child’s grades with them using the parent portal.

During the 2018-19 school year we will continue to offer after school opportunities for students. These include:

- Robotic
- Yearbook Club
- Math and Reading Tutoring

- Homework Club
- Morning Tutoring

We look forward to a productive partnership that will ensure our children will reach academic success!

Ms. Lillian Linn

Principal
